

# Free resources to showcase your environmental aims to guests – and get their support

Growth that doesn't cost the earth

This professionally designed pack includes table talkers with handy thermometer, door hangers, towel cards and more.

The pack will help you encourage your guests to protect the environment by using resources efficiently while enjoying their stay.

Ideal for hotels, guest houses and self-catering facilities.

Available to Scottish SMEs while stocks last.

Request your free pack here: [www.resourceefficientscotland.com/resource-pack-hospitality](http://www.resourceefficientscotland.com/resource-pack-hospitality)

The Resource Efficient Scotland programme provides free advice, interest-free loans and access to funding to help you cut your energy, water and raw materials use – boosting your profits and reducing your environmental impact.

The programme is delivered by Zero Waste Scotland and is funded by the Scottish Government and the European Regional Development Fund.
